Instructions:

- 1 Fold the checklist on the dotted line. Read the numbered items, in each of the rows, but a '✓' in the box if that statement is something you would identify with personally (in relation to this ministry).
- 2 Unfold the checklist. Now add up the columns. Only add the numbers for the rows where you have checked the box.
- 3 Compare your totals with the Scoring Key. The box with the highest number is your primary category. You may score high in more than one category.
